Sales de Jujuy's Olaroz Lithium Facility Receives ISO Accreditation

Sales de Jujuy has recently received accreditation by the Argentine Institution for Normalization and Certification known as Instituto Argentino de Normalización y Certificación (IRAM) for the below business management standards:

- ISO 9001:2008 – Quality Management
- ISO 14001:2004 – Environmental Management
- OHSAS 18001:2007 Safety and Occupational Healthcare Management

Sales de Jujuy also holds accreditation with the European REACH management system and has implemented the ISO 31000 Risk Management system.

Receiving the ISO accreditation continues Sales de Jujuy commitment towards creating a sustainable business capable of servicing the global market with consistent, high-quality lithium carbonate.
